O CÉU

PICO

PICO deals with the need of having a small workspace at home without looking too office-like.

The little desk is equipped with storage space, to hide cables and writing utensils. It's accessible by lifting the tabletop or the angled flap in the rear, which also acts to store and operate smart devices. The desk comes in oak wood, combined with black or white colour finish. To guarantee a high durability and best writing comfort, the tabletop is additionally refined with a scratch resistant surface.
